# RIDING HIGH

Bold Tendencies' summer programme 2022 is titled *Love* ♡ and features site-specific works by six artists. This shoot took place at Gray Wielebinski's installation, *Pain and Glory*, which is centred around a working mechanical bull surrounded by ornate steel fencing. The work negotiates the power and the vulnerability of domination, performance and being watched, behind a peep-hole facade that conjures the worlds of the playroom, public toilet, bar or stripclub. *Love* ♡ runs from 20 May to 17 September.
